

Press Release –

We all can help... B4BCares.org

Cardiac Care Group, LLC being an essential business has remained open providing Cardiology services and caring for patients throughout the Coronavirus pandemic. As a business owner, it has been an extremely stressful time to navigate and learn as you go day-by-day to understand and comply with government information on what is required to apply for relief under the various programs made available through the Cares Act. A guiding light for us through this difficult time has been Joshua Jenson, CPA or better known as “JJ THE CPA“. Along with hundreds if not thousands of other small businesses, we discovered JJ on YouTube from one of his first videos related to the Cares Act, and have been following his guidance ever since. We have applied for and received SBA Paycheck Protection Plan funding that we will use appropriately to continue to provide much needed Cardiology services to our patients and physicians of our community.

For the record, we are not a client of JJ’s and he is not accepting new clients. In fact, we have only communicated through email and his live YouTube videos. That’s how incredible his guidance has been. We are and will all ways be grateful for finding and following JJ throughout all of this.

It is difficult to stop and think about how we can help others during these challenging times, as we are all trying to survive on our own for the benefit of our company, its employees, and personally for ourselves and our family.

With this, I have encouraged and entrusted in JJ to form a non-for-profit entity to help small businesses who are not charitable organizations and do not need a hand out, but a hand up. JJ has excitedly accepted this endeavor and has formed B4BCares.org, which is now accepting monetary donations, “Pro-Bono” professional knowledge, guidance, resources and assistance for any small businesses across all industries. It is to be made available to all with a “pay-it-forward when and if you can” approach, that will be used for the benefit of other small businesses going forward. I am proud to say that Cardiac Care Group, LLC has donated to B4BCares.org as its first donor.
